9000-12000ft

3 – Magnets in hole closet to pin

2 – Magnets in center

Straightline also offers a complete exhaust system for the Polaris AXYS for an additional 16+ hp gain. This clutch kit is compatible with the new Straightline exhaust, or the complete stock exhaust.

Remove the primary clutch and install the weights and primary spring. Remove secondary clutch **and install new helix in proper setting**, with spring. Inspect all internal clutch components for wear. If excess wear is prevalent replace needed items.
