Ice Scratcher Warranty

Straightline Performance ice scratchers are a wear item similar to carbide runners, and slides. Please be aware when purchasing that an ice scratcher is designed to take the most abuse of any item on the snowmobile. Scratchers are used in low snow, only ice or no snow conditions that typically are the harshest riding conditions. This is the purpose of the ice scratchers. Straightline's ice scratchers come with a 1-year warranty starting from date of purchase for any defective manufacturing. Warranty does not cover tips breaking, ends bending and bolts breaking. An ice scratcher is a wear item and it is not uncommon in low snow years to have to replace a worn or broken tip. Improper fitment and installation can cause damage to machine and premature wear and or failure of product. Please note Straightline Performance is not responsible for any damage to the machine. Warranty is to be honored only through Straightline Performance. Warranty is not to be honored through dealers, distributors or third-party resellers. Straightline Reserves the right to refuse Warranty at any point in time.
